Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Pursuant to 37 C.F.R. §1.97, as revised on February 4, 1992, 1135 OG 23-24,
Applicant hereby calls the Examiner's attention to documents listed on the attached form,
which documents may be material to the examination of this application. A copy of each
of the documents is enclosed herewith.

No inference should be drawn that any apparatus or method disclosed is equivalent
to the subject invention.

The citation of the above-discussed documents is not to be construed as an assertion
that more pertinent art could not possibly be in existence. Citation of any document herein
is not to be construed as an admission that any subject matter disclosed in the document is
necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in

time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

As this IDS is being submitted with the filing of the application and before a first office action has issued, no fee is believed necessary. If a fee should be needed, please charge Deposit Account No. 03-3135.

Respectfully submitted,

Date: March 4, 1999
